MODERNIZE LETTERING - VESTS

Customer makes the suggestion that he does not like the large "O", looks rather twisted, but being just a sketch he supposes it will be fixed when making plates. Lettering should be a little more in line, not leaning at different angles as they appear here.

Be sure that shape of snow capped peak is according to photograph.

IMPORTANT: -- Write your remarks on back of this sheet and immediately return to the undersigned.

Subject: WM. E. HANZEL COMPANY  
309 South Wabash Avenue  
Chicago, Illinois, Card No. D-7426

Herewith we turn over to you for very careful handling and safe-keeping an oil painting to be used as copy in producing a card for the above customer.

The customer would like to have this painting returned in good condition as quickly as possible. Therefore, rather than keeping this painting in the stockroom until proof approval has been obtained, we suggest the following:

Have a rephotograph made of the picture as quickly as possible for our copy requirements, place a tissue overlay on the photograph and make an approximate notation of the coloring in this painting. Then return the painting to the Advertising Department and we will arrange to have it delivered to the customer.

This procedure is suggested not only because it will expedite matters, but also because the customer is not going to hold us to a very close or accurate match of the coloring in this painting.
